

Congregational Spotlight on: *Marlene White – Woman of Worship*

It is August 26th and the Flock family welcomed a sweet tiny baby girl into their family. They already had a son; however, the Lord was now blessing them with a daughter. Though they lived in Corydon at the time, they eventually moved to Georgetown where young Marlene and her TWO brothers David and Leslie grew up.

Since Marlene was the only girl stuck in the middle of the two boys, her loving mischievous brothers had a tendency to pick on her quite often. However, they were also her biggest protectors, especially her older brother, David. Once when they were all swimming in the Blue River, Marlene, who wasn't a very strong swimmer, was in danger of getting swept away by the current. Thankfully, David got to her in time and saved her from drowning.

As a young girl Marlene developed a love for music. She began to take piano lessons and while in school she joined the choir. Unlike her brother David, who was a track star, she found that athletics wasn't her forte. However, she did twirl the baton.

At age 12 she went forward to give her heart to Jesus but it wasn't until she was 13 that a God encounter changed her whole outlook. She was in her room praying and asking God to show her that He is real. Well the Holy Spirit came and He explained the whole need for salvation and what Christ did. He really helped her to understand what it all meant. From that moment she was able to give Him her all.

Little Marlene grew up...well, she still remained little (hehe) but she married and had two beautiful daughters. Life happened and she found herself single again. One day she met Tom White who happened to be at his ex-wife's parent's home. Of course they began dating and 'fell in love'. They became man and wife in 1995. He already had a son and a daughter and between the two of them they have four children and seven grandchildren.

In 1997 Tom was ordained as a minister. Marlene was right there by his side. Together they traveled around Louisville, KY and southern Indiana serving as evangelists, where she got the opportunity to play and sing for the Lord.

They also assisted several ministers from other countries like England and Kenya. An interesting group of men they worshiped with in Louisville, KY was some of the Lost Boys from Sudan.

Eventually they started their own church in Clarksville. After several years they reluctantly closed the doors and joined with River Falls Assembly [Revolution Church]. For Marlene the path of ministry has been beautiful with many twists and turns. At each step along the path, God has proven Himself faithful to her. Her life is a testimony of His goodness and she will declare it over and over again that He gets ALL the glory.

Here at Revolution Church, she desires to see the works of the spirit manifested more in the body. She would like to see the church filled with salvations happening every Sunday as well as people getting filled with the Holy Spirit. Finally, she would absolutely love to see the youth more involved. It would be awesome to see every young person so in love with Jesus that they change their generation for the Lord.
